

APPLEGARTH

CARE HOME

Residential | Dementia | Respite Care

Applegarth Care Home is a wonderful 20 bedroomed home located in Taplow, nestled between the towns of Maidenhead and Slough. Our excellent road and rail networks ensure loved ones are always connected.

Our compassionate and skilled care team have created a warm and friendly atmosphere where residents can relax in safety and comfort as a family, whilst also recognised for their own individual needs and uniqueness.

We are an independent home with independent values. We concentrate on care, not profits.

Your home with everything and more...

Applegarth Care Home has been our happy home since 2005

All rooms are individually styled, comfortably furnished, and designed with safety and security in mind, including a nurse bell system.

The home has two lounge areas where residents can sit and chat together or engage in some of the fun and stimulating activities of the day.

Residents are encouraged to enjoy meals in the homely dining room. Of course, if a resident would prefer to eat alone, they have that choice. There are facilities for hairdressing, chiropody, and occupational therapy sessions, all adding to resident good feel factor.

Applegarth enjoys lovely enclosed gardens to the rear where residents can relax in summer warmth, enjoy all round blooming, or may be pick up a garden tool to enhance the bedding!

We welcome visitors and there is ample parking for them directly to the front of the home.

About Us

Many of our skilled team have been integral to the Applegarth Care Home family for a long time and are passionate about consistent safeguarding, welfare and life enrichment of our residents. Our staff invest in continuous training and inhouse development.

When a loved one joins Applegarth we want them to experience all the home comforts they have enjoyed but with 24-hour around the clock care and attention in whatever way they need.

Applegarth Care Home is the perfect place for our residents to relax and make new friends in a warm and welcoming environment. We foster a sense of fun and inclusion and encourage everyone to get involved in life at Applegarth, designed to promote independence and wellbeing.

Our purpose is to make life enjoyable and meaningful every day at Applegarth Care Home.

Live life at Applegarth

We respect and value each of our residents' individuality and are passionate about enriching them spiritually, mentally and socially.

We believe laughter and integration is a great tonic for wellbeing. We have our own in-house Activities Co-ordinator who energetically brings sing a long, dance and movement, arts and crafts, quizzes, games, baking or potting plants to everyday life. A new day brings new entertainment.

There are times when a one-to-one chat in a quiet space is required, simply taking time to reminisce and that's fine too.

The diversity of our activities reflects the capabilities of our residents, often increasing their life skills, sense of purpose and self-worth.

We also make excursions into the community such as the local library, café or garden centre, and regularly invite outside entertainers for added value.

Love life at Applegarth!

Balanced nutrition and nourishment are at the core of our flavoursome, freshly prepared meals. Our resident chef prides herself on knowing the tastes of each of our residents. Her creatively inspired home cooked dishes are varied, satisfying and rarely is a plate left unfinished!

The chef will accommodate all dietary requirements and preferences without compromising on flavour or presentation.

At Applegarth Care Home, we have an excuse for any celebration! Whether it's a birthday with cakes and balloons, themed events or festive menus galore.

The dining area is a place for residents to relax and share conversation over a delicious meal. However, if a resident chooses to eat alone, we respect that choice.

Here to help

We appreciate moving to a new home is not an easy decision to make for your loved ones. We encourage people to visit Applegarth Care Home and to ask as many questions as you need. We are happy for your loved one to meet us and spend some time with us too.

It is our purpose to create a smooth transition to Applegarth Care Home, regularly communicate and involve you throughout the residency. It goes without saying... our residents are our family, their relatives are our extended family.
